

GRAPE VINE NURSERY.

D. S. MARVIN, Proprietor, - - - - - Watertown, N. Y.

It is now an acknowledged, horticultural fact, that vines grown in this Northern climate are more healthy and free from disease, than those grown in warmer latitudes.

PRICES FOR THE FALL OF 1881.

CLASS: Ees. [Estivalis], Cor. [Cordifolia], Lab. [Labrusca], V. & L. [Vinifera & Labrusca, Hybrid.]

Strong, healthy three year vines for immediate bearing, extras, two years, Lab.	40	4 00	15 00	
	50	5 00	20 00	

I can supply most of the foregoing older sorts of this age. Vines for cold climates and amateurs are also specialties. Give me a list of what you want and write for prices. I do not intend to be undersold, when the quality of my vines is considered. Good No. 2 vines at less rates.

Amateur lists, four varieties to the dozen, at dozen rates. Vines packed in moss to go safely any distance, 50 at 100; 100 at 1000 rates. I have many varieties not on this list.

A Liberal Discount on Cash Orders over \$20.00.

The season has been propitious, and my vines are very strong. I have Imperial and other iron clad apples and a fine lot of pear trees, of my own growing.

FRUIT TREES, &c. FOR LOCAL TRADE.
